

# 2009 HIGHLIGHT CALENDAR

VICTORIAN SPACE SCIENCE EDUCATION CENTRE

## January

21st - 23rd Australian Space Design Competition  
22nd - 23rd Siemens Science Experience  
28th Term 1 Commences

---

## February

## March

17th Teaching Geology: Earth v Mars Teacher Professional Learning Program  
22nd Australian Space Design Competition (ASDC) Training Session @ VSSEC  
27th Inner Melbourne Vet Cluster Program

---

## April

2nd - 5th 100 Hours of Astronomy  
3rd Term 1 concludes  
20th Term 2 commences

---

## May

4th Public Talk: Tall Poppies (Electrical Engineering & Diabetes Research)  
15th - 17th Astronomy from the Ground Up: CSIRO Parkes Radio Telescope Teacher Workshop

---

## June

4th Teaching Astronomy & Astrophysics in the IYA Teacher Professional Learning Program  
19th Inner Melbourne Vet Cluster Program  
26th Term 2 concludes

---

## July

13th Term 3 commences  
13th - 16th Spaceward Bound  
18th - 19th Parkes Radio Telescope Open Weekend  
22nd Teaching Science in Context and the *E<sup>5</sup> Instructional Model* Teacher Professional Learning Program

---

## August

17th - 21st Science Week  
20th Engineering and Science Careers Expo

---

## September

11th Inner Melbourne Vet Cluster Program  
18th Term 3 concludes

---

## October

4th - 10th World Space Week  
5th Term 4 commences  
8th Public Talk: Astronomer from Centre for Astrophysics & Supercomputing, Swinburne University of Technology  
16th Inner Melbourne Vet Cluster Program

---

## November

## December

2nd VCE Chemistry: Instrumental Analysis Teacher Professional Learning Program  
9th Water Rocket Carnival  
18th Term 4 concludes

---
